

WiFi

Simple and Efficient

- Supporting remote operation and maintenance functions including remote upgrading, parameter setting
- Supporting direct connection configuration with APP, quickly and easily
- Plug and play, quick installation

Smart and Flexible

- Supporting mainstream WLAN networking protocols, with favourable compatibility

Safe and Reliable

- Professional design in wireless communication, and high quality signal
- IP65, wide temperature range

Basic data

Supported device number	1
Display	LED * 3
Configuration	APP

Interface

RS485	1 port
WLAN	2.4 GHz 802.11 b/g/n

Power Supply

Input voltage	5.0 ± 0.25 Vdc
Power consumption	Typ. 2 W

Ambient Parameters

Operating temperature	-25 °C to +60 °C
Relative humidity	≤ 95 %(non-condensing)
Max. operating altitude	≤ 4000 m
Protection class	IP65

Mechanical Parameters

Dimensions (W*H*D)	48*127*36 mm
Installation method	Plug-in type
